

Nature's Way

KNOWLEDGE • RESPECT • CARE

2023
issue 1

Welcome!

Here is our awesome, first ever Nature's Way info sheet jam packed with useful resources.

We hope you enjoy reading lots of interesting facts & it becomes a great resource for you to learn about the care of animals & the environment we all live in.

We have a colouring in competition for kids, age 4 to 7 years old on pg 2. The prize is a Zoos Victoria family membership, 2 adults, for 1 year - valued at \$252. [see our competition terms & conditions]

Happy reading!

Did you know??

The platypus is one of the world's most unique animals. Along with the echidna, they are the only mammals on the planet that lay eggs....

Platypuses are cute, but their babies are even cuter, which could be why the name for a baby platypus is a puggle. A baby platypus who has one animal parent and one hand raising human parent is a muggle puggle.*

Meet 'Splash' the platypus.

Splash is our first friend from our Australian rare nocturnal animal series.

There are more friends waiting to meet you.

PHOTO OF THE ISSUE

Here is a photo of the two baby elephants, Aiyara & Roi-Yim born, November 2022 at the Melbourne Zoo.

They are growing fast.

Make sure you visit them while they are still young, cute & inquisitive.

Why do kangaroo mothers really don't like rainy days?

Because their joeys have to play inside!

Send in your questions or any cool Aussie animal jokes.
